PROFESSIONAL SUMMARY

Recent Computer Science graduate with a strong foundation in full-stack web development using Python, Django, Django REST Framework, React, PostgreSQL, and REST APIs. Developed AI-powered web applications, including an Academic Advisory and Case Management System integrating a local LLM (Ollama with Phi-3 Mini) and CareerLens AI, an intelligent resume screening platform. Passionate about building scalable, secure, and user-focused applications while continuously expanding my expertise in modern web development and AI technologies.

PROJECTS

CareerLens AI – AI Resume Screening Platform

- Technologies: Python, Django, Django REST Framework, React, PostgreSQL, REST APIs
- Developed an AI-powered resume screening platform to automate candidate evaluation.
 - Implemented resume parsing and information extraction from PDF and DOCX files.
 - Built secure RESTful APIs for user authentication and resume management.
 - Designed a PostgreSQL database for candidate, job, and screening data.
 - Integrated AI to analyze resumes, match candidates with job descriptions, and generate interview questions.

AI-Integrated Academic Advisory & Case Management System

- Technologies: Python, Django, Django REST Framework, React, PostgreSQL, Ollama, Phi-3 Mini
- Developed an AI-powered academic advisory and case management platform for students and advisors.
 - Integrated a local large language model (Ollama with Phi-3 Mini) to provide academic guidance and case assistance.
 - Built secure RESTful APIs and role-based authentication for students, advisors, and administrators.
 - Designed a PostgreSQL database to manage users, academic cases, and consultation records.
 - Implemented a responsive React interface for submitting, tracking, and managing academic cases.

SKILLS

- | | | | | |
|--------------|---------|-------------------------|----------|--------------|
| • Python | • CSS3 | • Django | • Github | • phi-3 |
| • JavaScript | • HTML5 | • RESTful APIs | • Git | • PostgreSQL |
| • SQL | • React | • Django REST Framework | • Ollama | |

EDUCATION

Bachelor of Science in Computer Science 2022 to 2026

- Hawassa University | Hawassa, Ethiopia
- Relevant Coursework: Data Structures & Algorithms, Database Systems, Software Engineering, Operating Systems, Computer Networks, Artificial Intelligence, Machine Learning, Web Development.

ADDITIONAL INFORMATION

- Languages:** Amharic (Fluent) - Oromo (Fluent) - English (Intermediate)
- Certifications: Udacity (January 2026)**
 - Artificial Intelligence Fundamentals Nanodegree
 - Programming Fundamentals
